## INTRODUCTION

The *Illinois Register* is the official state document for publishing public notice of rulemaking activity by State governmental agencies. The table of contents is arranged categorically by rulemaking activity and alphabetically by agency within each category. Rulemaking activity consists of proposed or adopted new rules or amendments to or repealers of existing rules, including those by emergency or preemptory action.

The *Register* also contains Executive Orders and Proclamations issued by the Governor, notices of public information required by State statute, and activities (meeting agendas, Statements of Objection or Recommendation, etc.) of the Joint Committee on Administrative Rules (JCAR), a legislative oversight committee which monitors the rulemaking activities of State agencies. In addition, the *Register* contains a Cumulative Index listing alphabetically by agency the Parts (sets of rules) on which rulemaking activity has occurred in the current *Register* volume and a Sections Affected Index listing, by Title of the *Illinois Administrative Code*, each Section (including supplementary material) of a Part on which rulemaking activity has occurred in the current volume. Both indices are action coded and are designed to aid the public in monitoring rules.

The *Register* will serve as the update to the *Illinois Administrative Code*, a compilation of the rules of State agencies. The most recent edition of the *Code* along with the *Register* comprise the most current accounting of the State agencies' rules.

The *Illinois Register* is the property of the State of Illinois, granted by the authority of the Illinois Administrative Procedure Act (Ill. Rev. Stat. 1985, ch. 127, pars. 1001 et seq., as amended).

5) A Complete Description of the Subjects and Issues Involved: These amendments add a description of reasonable efforts to prevent placement during child abuse and neglect investigations and add provisions for the use of family preservation services for placement prevention. These amendments along with the addition of family preservation services to 89 Ill. Adm. Codes 302, Services Delivered by the Department, implement the Family Preservation Act which was enacted effective January 1, 1988. In addition, other amendments to these rules are being proposed as a result of legislation passed by the General Assembly in 1989. In the definitions section, the definition of neglected child is being amended to include "newborn infants whose blood or urine contain any amount of a controlled substance" (Public Acts 86-274 and 86-275). Allegation 15/65 in Appendix B is also being amended to include such infants as part of the description of the allegation on substance misuse. The definition of neglected child is also being amended to delete "education as required by law" (Public Act 86-601). Also in Section 300.30 mandated reporters are required to testify in administrative hearings resulting from child abuse and neglect reports (PA 86-904) and are to refer addicted pregnant persons to the Department of Public Health. A prohibition against discriminating against employees who make good faith reports of suspected child abuse or neglect has been added to Section 300.30(b)(3) (PA 86-904). Second or subsequent instances of false reporting has been changed from a Class A Misdemeanor to a Class 4 Felony (PA 86-835). In 300.90 the requirement of 72 hour in-person contact with the child victims of educational neglect has been

Also in Section 300.90 the requirement of making a preliminary investigative report within 14 days has been deleted (PA 86-904). Preliminary investigative reports are, however, required if a 30 day extension to the formal investigation is necessary. In Section 300.100(c) reference to educational neglect is being deleted. In Section 300.140 a provision is added that the Department will notify school superintendents when the Department receives reports alleging truancy (PA 86-601). In Appendix B, Allegation #80, Educational Neglect is being deleted.

6) Will these proposed amendments replace an emergency rule currently in effect? No  
7) Does this rulemaking contain an automatic repeal date: Yes X No  
If "yes", date: \_\_\_\_\_

8) Do these proposed amendments contain incorporations by reference? No

9) Are there any other amendments pending on this Part? No

10) Statement of Statewide Policy Objectives: This rulemaking does not create or expand a state mandate as defined in Section 3(b) of the State Mandates Act. (Ill. Rev. Stat. 1987, ch 85, par. 2203)

11) Time, Place, and Manner in which interested persons may comment on this proposed rulemaking:

Comments on this proposed rulemaking may be submitted in writing for a period of 45 days following publication on this notice. Comments should be submitted to:

The Department will consider fully all written comments on this proposed rulemaking submitted during the 45-day comment period. Comments submitted by small businesses should be identified as such.

12) Initial Regulatory Flexibility Analysis: The Department of Children and Family Services has determined that the proposed amendments do not have an impact on small businesses.

"Delegation of an investigation" means the decision whether a report of child abuse or neglect was "indicated" or "unfounded" has been deferred to another authority. Section 300.100 Initial Investigation

a) When a report of child abuse or neglect is received, Department investigative staff will make an initial investigation to validate whether there is reasonable cause to believe that child abuse or neglect exists.

b) The initial investigation will consist of the following steps:

- 1) in-person contact with all alleged child victims or in-person examination of the environment for inadequate shelter and environmental neglect reports only, and
- 2) in-person or telephone contact with the reporter, if the reporter's identity and whereabouts are available, and
- 3) data checks of Departmental and law enforcement records.
- 4) If the initial investigation is not completed within seven days the alleged perpetrator and the children's caretaker shall be contacted.

c) Investigative staff shall begin an investigation within 24 hours after the Department receives a report alleging child abuse or neglect. ~~However, in cases of educational neglect the investigation shall begin within 72 hours of receipt of the report.~~ An investigation shall begin immediately when:

- 1) a child is believed to be in immediate danger of physical harm; or
  - 2) it is likely that the family may flee with the child.
- d) An investigation normally shall be started by in-person contact with all the children alleged to have been abused or neglected. When the incident occurred in a group setting and a number of perpetrators or children are alleged to be involved, contact may be delayed while a comprehensive investigative plan is developed with other investigative bodies (e.g. local law enforcement, the Department of State Police, out-of-state law enforcement, the Federal Bureau of Investigation) as long as the children's safety can be assured during the delay.

NOTICE OF PROPOSED AMENDMENTS

e) However, in some instances, the Department's good faith attempt to contact the children alleged to have been abused or neglected shall be sufficient to start the investigation. The following constitute good faith attempts to begin the investigation:

- 1) when investigative staff learns, upon proceeding to the location given for the children alleged to have been abused or neglected, that the children have disappeared, the family has fled, the address does not exist, no one is at the location, or not all of the children alleged as abused or neglected are at the location; or
  - 2) when the involved child subjects are not accessible; or
  - 3) when the adult caretaker refuses to let child protective service staff see or speak with the involved child subject.
- f) Although a good faith attempt to contact the children alleged to be abused or neglected begins the investigation, this good faith attempt does not relieve investigative staff of the responsibility to complete the contacts required by Department rule. Investigative staff will continue to attempt to establish in-person contact with the alleged child victim, conducting a diligent search to locate the child.
- g) Investigative staff will examine the following criteria to determine whether there is a good faith indication to believe that abuse or neglect exists:

- 1) The alleged victim(s) must be less than 18 years of age; and
- 2) The alleged victim(s) must either have been harmed or must be in substantial risk of harm; and
- 3) There must be an abusive or neglectful incident or set of circumstances as defined in Appendix B of this Part which caused the alleged harm or substantial risk of harm to the child.
- 4) For abuse, the alleged perpetrator must be the child's parent, foster parent, guardian, immediate family member, any individual who resides in the same house as the child, the paramour of the child's parent or any person responsible for the child's welfare at the time of the alleged abuse;
- 5) For neglect, the alleged perpetrator must be the child's parent, guardian, foster parent or any person responsible for the child's welfare at the time of the alleged neglect.

DEPARTMENT OF CHILDREN AND FAMILY SERVICES

NOTICE OF PROPOSED AMENDMENTS

h) If any one of the above criteria is not present, a determination will be made that the report does not provide a good faith indication that child abuse or neglect exists, and the investigation will be terminated. If the above criteria are present, investigative staff will begin a formal investigation.

i) If, after the initial investigation, investigative staff determine that:

- 1) there is good faith indication that child abuse or neglect exists, and
- 2) the person who is alleged to have caused the abuse or neglect is employed or otherwise engaged in activity resulting in frequent contact with children; and
- 3) the alleged child abuse or neglect occurred in the course of that employment or activity;

then upon commencement of the formal investigation the Department shall inform the appropriate supervisor or administrator of that employment or activity that a formal investigation has been commenced which may or may not result in an indicated report unless the Director determines that such notification would be detrimental to the Department's investigation. The Department may also notify the person being investigated, unless the Department determines that such notification would be detrimental to the Department's investigation.

j) The Department will notify the following persons when an initial investigation determines that a report does not contain a good faith indication that child abuse or neglect exists and, therefore, a formal investigation will not be commenced:

- 1) mandated reporters,
- 2) custodial parents, personal guardians and legal custodians of the alleged child victims, and
- 3) alleged perpetrators.

k) The subjects of the report may request that a report which was not validated by the initial investigation be retained in the Department's computer and local index files, if the subjects of the report believe that the report was made for harassment purposes. The Department shall honor all such written requests and shall retain these records for five years, as allowed in the Abused and Neglected Child Reporting Act.

Section 300.115 Reasonable Efforts to Prevent Placement

a) If investigative staff determine that the child may have to be removed from the home, investigative staff shall make reasonable efforts to prevent such removal.

b) Reasonable efforts to prevent removal of the child shall consist of the following:

- 1) an assessment of risk factors reasonably related to the child abuse or neglect allegations, to determine whether the child, if left with the person responsible for the child's welfare or at the child's residence, would be placed in imminent danger to life or health; and
- 2) an assessment of whether services appropriate to the level of risk and the family's problems are available either with the Department or through other private or public resources and whether the services, if provided, would in the best professional judgement of the investigative worker, reduce the risk to the child to a level less than imminent danger to life or health. The following factors are to be considered in determining whether appropriate services are available:

- A) proximity of the services to the family
- B) accessibility of the services
- C) extent of need for the services
- D) the likelihood that the services will be effective
- E) the cost of services
- F) cooperation of the family in obtaining services

or

- 3) a determination that even with the provision of services the child, if left with the person responsible for the child's welfare or at the child's residence, would continue to be at imminent danger to life or health. Some examples of when a child's life or health would continue to be at imminent danger include:

## APPENDIX B

## CHILD ABUSE AND NEGLECT ALLEGATIONS

This Appendix describes the specific incidents of harm which must be alleged to have been caused by the acts or omissions of the persons identified in Section 3 of the Abused and Neglected Child Reporting Act before the Department will accept a report of child abuse or neglect. The allegation definitions focus upon the harm or the risk of harm to the child. Many of the allegations of harm can be categorized as resulting from either abuse or neglect. All abuse allegations of harm are coded with a one or two digit number under thirty. All neglect allegations of harm are coded with a two digit number greater than fifty. In addition each allegation is coded with a priority number, either I, II or III. This priority number ranges from the most serious, Level I, to the least serious, Level III. The allegations of harm, with their assigned priority number in parenthesis, are defined as follows:

## Allegation #

## Definition

1/51

Death (Priority I)

Permanent cessation of all vital functions.

The following definitions of death are also commonly used:

- o Total irreversible cessation of cerebral function, spontaneous function of the respiratory system, and spontaneous function of the circulatory system.
- o The final and irreversible cessation of perceptible heart beat and respiration.

Verification of death must come from a physician or coroner.

2/52

Brain Damage/Skull Fracture (Priority I)

Brain damage means injury to the large, soft mass of nerve tissue contained within the cranium skull. Skull fracture means a broken bone in the skull.

Verification of brain damage or skull fracture must come from a physician, preferably a neurosurgeon or radiologist.

DEPARTMENT OF CHILDREN AND FAMILY SERVICES

NOTICE OF PROPOSED AMENDMENTS

3/53

Subdural Hematoma (Priority I)

Hematoma

A swelling or mass of blood (usually clotted) confined to an organ, tissue or space and caused by a break in a blood vessel.

Subdural

Beneath the dura mater (the outer membrane covering the spinal cord and brain).

A subdural hematoma is located beneath the membrane covering the brain and is usually the result of head injuries or the shaking of a small child or infant. It may result in loss of consciousness, seizures, mental or physical damage, or death.

Verification of subdural hematoma must come from a physician.

4/54

Internal Injuries (Priority I)

An internal injury is an injury which is not visible from the outside, e.g. an injury to the organs occupying the thoracic or abdominal cavities. Such injury may result from a direct blow. A person so injured may be pale, cold, perspiring freely, have an anxious expression, or may seem semicomatose. Pain is usually intense at first, and may continue or gradually diminish as patient grows worse.

Verification of internal injuries must come from a physician.

5/55

Burns/Scalding (Priority II)

Burns

Tissue injury resulting from excessive exposure to thermal, chemical, electrical or radioactive agents. The effects vary according to the type, duration and intensity of the agent and the part of the body involved. Burns are usually classified as:

- First Degree

Superficial burns, damage being limited to the outer layer of skin. Scorching or painful redness of the skin.

DEPARTMENT OF CHILDREN AND FAMILY SERVICES

NOTICE OF PROPOSED AMENDMENTS

- Second Degree

The damage extends through the outer layer of the skin into the inner layers. Blistering will be present within 24 hours.

- Third Degree

Burns in which the skin is destroyed with damage extending into underlying tissues, which may be charred or coagulated.

Scalding

A burn to the skin or flesh caused by moist heat and hot vapors, as steam.

All emersion burns (scalds) must be confirmed by a physician unless the alleged perpetrator has admitted to scalding the child.

6/56

Poison/Noxious Substances (Priority II)

Poison

Any substance, other than mood altering chemicals or alcohol, taken into the body by ingestion, inhalation, injection, or absorption that interferes with normal physiological functions. (Virtually any substance can be poisonous if consumed in sufficient quantity; therefore, the term poison more often implies an excessive amount rather than a specific group of substances.)

Noxious

Harmful, injurious, not wholesome.

Verification must come from a physician or by a direct admission from the alleged perpetrator.

7/57

Wounds (Priority I)

A gunshot or stabbing injury.

Verification must come from a physician, a law enforcement officer or by a direct admission from the alleged perpetrator.

8

No allegation.

## DEPARTMENT OF CHILDREN AND FAMILY SERVICES

## NOTICE OF PROPOSED AMENDMENTS

9/59

## Bone Fractures (Priority II)

A fracture is a broken bone. There are ten types of fractures, the most common being:

## Chip Fracture

A small piece of bone is flaked from the major part of the bone.

## Simple Fracture

The bone is broken, but there is no external wound.

## Complicated Fractures

## Compound

The bone is broken, and there is an external wound leading down to the site of fracture or fragments of bone protrude through the skin.

## Comminuted

The bone is broken or splintered into pieces.

## Spiral

Twisting causes the line of the fracture to encircle the bone in the form of a spiral.

Verification must come from a physician or radiologist.

10

No allegation.

12/62

Human Bites (Priority II)

A bruise, cut or indentation in the skin caused by seizing, piercing, or cutting the skin with human teeth.

11/61

## Cuts, Bruises and Welts (Priority II)

## Cut

An opening, incision or break in the skin made by some external agent.

## Bruise

An injury which results in bleeding within the skin, where the skin is discolored but not broken.

## Welt

An elevation on the skin produced by a lash, blow, or allergic stimulus. The skin is not broken and the mark is reversible.

## DEPARTMENT OF CHILDREN AND FAMILY SERVICES

## NOTICE OF PROPOSED AMENDMENTS

## Factors to be Considered

Not every cut, bruise, or welt constitutes an allegation of harm. The following factors should be considered when determining whether an injury which resulted in cuts, bruises or welts constitute an allegation of harm:

- the child's age (children aged 6 and under are at a much greater risk of harm),
- child's medical condition, behavioral, mental, or emotional problems, developmental disability, or physical handicap, particularly as they relate to the child's ability to protect himself of herself,
- pattern or chronicity of similar incidents,
- severity of the cuts, bruises, or welts (size, number, depth, extent of discoloration),
- location of the cuts, bruises, or welts,
- whether an instrument was used on the child,
- previous history of indicated abuse or neglect.

Verification may come from a physician, registered nurse, law enforcement officer, observation by the investigative worker or by a direct admission from the alleged perpetrator.

## Sprains/Dislocations (Priority II)

## Sprain

Trauma to a joint which causes pain and disability depending upon the degree of injury to ligaments. In a severe sprain, ligaments may be completely torn. The signs are rapid swell-

ing, heat and disability, often discoloration and limitation of function.

## Dislocation

The displacement of any part, especially the temporary displacement of a bone from its normal position in a joint. Types include:

## Complicated

A dislocation associated with other major injuries.

## Compound

Dislocation in which the joint is exposed to the external air.

## Closed

A simple dislocation.

## Complete

A dislocation which completely separates the surfaces of a joint.

Verification must come from a physician, registered nurse, licensed practical nurse or by a direct admission from the alleged perpetrator.

14

## Tying/Close Confinement (Priority II)

Unreasonable restriction of a child's mobility, actions or physical functioning by tying the child to a fixed (or heavy) object, tying limbs together or forcing the child to remain in a closely confined area which restricts physical movement. Examples include, but are not limited to:

- locking a child in a closet.
- tying one or more limbs to a bed, chair, or other object except as authorized by a licensed physician.
- tying a child's hands behind his back.

15/65

## Substance Misuse (Priority II)

The consumption of a mood altering chemical capable of intoxication to the extent that it harmfully affects the child's health, behavior, motor coordination, judgment, or

## DEPARTMENT OF CHILDREN AND FAMILY SERVICES

## NOTICE OF PROPOSED AMENDMENTS

intellectual capability. Mood altering chemicals include cannabis (marijuana), hallucinogens, stimulants (including cocaine), sedatives (including alcohol and Valium), narcotics, or inhalants.

Fetal alcohol syndrome or drug withdrawal at birth caused by the mother's addiction to drugs is included in this definition and is considered child neglect. Also included is any amount of a controlled substance or a metabolite thereof, found in the blood or urine of a newborn infant. A controlled substance is defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act (Ill. Rev. Stat. 1987, ch. 56, par. 1102). The presence of such substances shall not be considered as child neglect if the presence is due to medical treatment of the mother or infant. NOTE: Methadone withdrawal or other withdrawal verified as under the auspices of a drug treatment program is not included under drug withdrawal at birth.

Examples of substance misuse include, but are not limited to:

Substantial risk of physical injury means that the parent, caretaker, immediate family member aged 16 or over, other person residing in the home aged 16 or over, or the parent's paramour has created a real and significant danger of physical injury or sexual abuse to the child.

This allegation of harm is to be used when the type or extent of harm is undefined but the total circumstances lead a

reasonable person to believe that the child is in substantial risk of physical injury or sexual abuse. This allegation of harm also includes incidents of violence or intimidation directed toward the child which have not yet resulted in injury or impairment but which clearly threaten such injury or impairment.

Examples of incidents or circumstances which place the child in substantial risk of physical injury include, but are not limited to, the following:

## Incidents

- choking the child
- smothering the child
- pulling the child's hair out
- violently pushing or shoving the child into fixed or heavy objects
- throwing or shaking a smaller child

- leaving children alone when they are too young to care for themselves.
- leaving children alone who have a condition that requires close supervision. Such conditions may include medical conditions, behavioral, mental, or emotional problems, developmental disabilities or physical handicaps.

- leaving children unattended in a place which is unsafe for them when their maturity, physical condition, and mental abilities are considered.

## Factors to be Considered

The following factors should be considered when determining whether a child is inadequately supervised.

## 1) Child Factors

- child's age and developmental stage, particularly related to the ability to make sound judgments.

- leave a baby on a doorstep
- leave a baby in a garbage can
- leave a child with no apparent intention to return
- leave a child with an appropriate caretaker but fail to resume care of the child, as agreed, for a period of three months or more, and the caretaker cannot or will not continue to care for the child.

Inadequate Food (Priority III)

Lack of food adequate to sustain normal functioning. It is not as severe as Malnutrition or Failure to Thrive, both of which require a medical diagnosis.

NOTICE OF PROPOSED AMENDMENTS

Examples include:

- the child who frequently and repeatedly misses meals or who is frequently and repeatedly fed insufficient amounts of food,
- the child who frequently and repeatedly asks neighbors for food and other information substantiates that the child is not being fed,

- Child Factors
  - child's age
  - child's developmental stage
  - child's physical condition, particularly when it may be aggravated by the inadequate shelter

79

Medical Neglect (Priority II)

A. MEDICAL OR DENTAL TREATMENT

Lack of medical or dental treatment for a health problem or condition which, if untreated, could become severe enough to constitute a serious or long-term harm to the child; lack of follow-through on a prescribed treatment plan for a condition which could become serious enough to constitute serious or long-term harm to the child if the plan goes unimplemented.

B. IMMUNIZATIONS

Lack of immunizations required by An Act in relation to the prevention of certain communicable diseases (Ill. Rev. Stat. 1985, ch. 111½, pars. 22.11 and 22.12) which states:

## DEPARTMENT OF CHILDREN AND FAMILY SERVICES

## NOTICE OF PROPOSED AMENDMENTS

*It is declared to be the public policy of this State that all children shall be protected, as soon after birth as medically indicated, by the appropriate vaccines and immunizing procedures to prevent communicable diseases which are or which may in the future become preventable by immunization.*

The Department of Public Health has specified that the following immunizations are required unless there is a medical or religious reason why these immunizations should not be administered. The judgment of the family's physician with regard to whether there is a medical reason why immunization should not be administered shall be respected.

Diphtheria  
Pertussis  
Tetanus  
Poliovirus  
Measles  
Rubella  
Mumps

The investigative worker shall give the parents 30 days to begin the required immunization series.

## Factors to be Considered

- child's developmental stage,
- child's physical condition,
- seriousness of the current health problem,
- probable outcome if the current health problem is not treated and the seriousness of that outcome,
- generally accepted medical benefits of the prescribed treatment, and
- generally recognized side effects/harms associated with the prescribed treatment.

## DEPARTMENT OF CHILDREN AND FAMILY SERVICES

## NOTICE OF PROPOSED AMENDMENTS

It must be verified that the child has/had an untreated health problem, or that a prescribed treatment plan was unimplemented, or that the child has not started to receive immunizations required by State law within the 30-day period. Such verification must come from a physician, registered nurse, dentist, or by a direct admission from the alleged perpetrator. It must further be verified by a physician, registered nurse or dentist that the problem or condition, if untreated, could result in serious or long-term harm to the child.

## No Allegation

## Educational Neglect (Priority III)

In accordance with the School Code of 1961 (Ill. Rev. Stat. 1985, ch. 122, par. 26) any child who is not meeting compulsory attendance requirements because his or her parent or custodian is failing or refusing to enforce these attendance requirements is educationally neglected. A parent or custodian is failing or refusing to enforce the State's compulsory attendance requirements if:

- o the parent or custodian did not enroll a child between the ages of 7 and 16 in a public, private, parochial school or otherwise provide a comparable education pursuant to Article 26 of the School Code, as interpreted by case law;
- o the parent or custodian disregards his or her responsibility to ensure that a child of any age who is currently enrolled in grades 1 through 12 attends school or actively prevents such child from attending school to the extent the child becomes a chronic truant. NOTE: A chronic truant is any child who has been enrolled in grades 1 through 12 and who has been absent without valid cause from school for 10% or more of the previous 180 regular attendance days;

## Examples of educational neglect include:

- the parent or custodian who does not enroll the child in school or otherwise provide a comparable education pursuant to State law;
- the parent who prevents a child from attending school which results in the child's chronic truancy;
- the parent who does not get a young child ready for school which results in the child's chronic truancy;

81

Failure to Thrive (Priority I)  
(Non-Organic)

A serious medical condition most often seen in children under one year of age. The child's weight, height and motor development fall significantly short of the average growth rates of normal children (i.e., below the fifth percentile). In about 10% of these cases, there is an organic cause such as a serious kidney, heart, or intestinal disease, a genetic error of metabolism or brain damage. All other cases are a result of a disturbed parent-child relationship manifested in severe physical and emotional neglect of the child. Non-organic failure to thrive requires a medical diagnosis before it may be indicated.

Verification of failure to thrive must come from a physician.

82

## Environmental Neglect (Priority III)

The child's person, clothing, or living conditions are unsanitary to the point that the child's health may be impaired. This may include infestations of rodents, spiders, insects, snakes, etc., human or animal feces, rotten or spoiled food or rotten or spoiled garbage which the child can reach.

## Factors to be Considered

Special attention should be paid to the child's physical condition and the living conditions in the home in order to determine whether the report constitutes an allegation of

## DEPARTMENT OF CHILDREN AND FAMILY SERVICES

harm. In addition, the following factors should be considered.

## 1) Child Factors

- child's age (children aged 6 and under are more likely to be harmed),
- child's developmental stage,
- child's physical condition,
- child's mental abilities.

## 2) Incident Factors

- severity of the conditions,
- frequency of the conditions,
- duration of the conditions,
- chronicity or pattern of similar conditions.

83

Malnutrition (Priority I)  
(Non-Organic)

Lack of necessary or proper food substances in the body caused by inadequate food, lack of food, or insufficient amounts of vitamins or minerals. (Also known as marasmus or kwashiorkor.) Non-organic malnutrition requires a medical diagnosis before it may be indicated. There are various physical signs of malnutrition:

- A decrease in lean body mass or fat; very prominent ribs; the child may often be referred to as skin and bones.
- The hair is often sparse, thin, dry, and is easily pulled out or falls out spontaneously.
- The child is often pale and suffers from anemia.
- Excessive perspiration, especially about the head.
- The face appears lined and aged, often with a pinched and sharp appearance.

## DEPARTMENT OF CHILDREN AND FAMILY SERVICES

## NOTICE OF PROPOSED AMENDMENTS

- The skin has an old, wrinkled look with poor turgor. (Classically, skin folds hang loose on the inner thigh and buttock.)
- The abdomen is often protuberant.
- There are abnormal pulses, blood pressure, stool patterns, intercurrent infections, abnormal sleep patterns and a decreased level of physical and mental activity.

Verification of malnutrition must come from a physician.

84

## Lock-Out (Priority II)

The parent or caretaker has denied the child access to the home and has refused or failed to make provisions for another living arrangement for the child.

85

## Medical Neglect of Disabled Infants (Priority I)

The withholding of appropriate nutrition, hydration, medication or other medically indicated treatment from a disabled infant with a life-threatening condition. Medically indicated treatment includes medical care which is most likely to relieve or correct all life-threatening conditions and evaluations or consultations necessary to assure that sufficient information has been gathered to make informed medical decisions. Nutrition, hydration, and medication, as appropriate for the infant's needs, is medically indicated for all disabled infants. Other types of treatment are not medically indicated when:

- o the infant is chronically and irreversibly comatose,
- o the provision of the treatment would be futile and would merely prolong dying, or
- o the provision of the treatment would be virtually futile and the treatment itself would be inhumane under the circumstances.

In determining whether treatment will be medically indicated, reasonable medical judgments, such as those made by a prudent physician knowledgeable about the case and its treatment possibilities, will be respected. However, opinions about the infant's future "quality of life" are not to bear on whether a treatment is judged to be medically indicated.

## Factors to be Considered

- infant's physical condition,

## DEPARTMENT OF CHILDREN AND FAMILY SERVICES

## NOTICE OF PROPOSED AMENDMENTS

- The skin has an old, wrinkled look with poor turgor. (Classically, skin folds hang loose on the inner thigh and buttock.)
- seriousness of the current health problem,
- probable medical outcome if the current health problem is not treated and the seriousness of that outcome,
- generally accepted medical benefits of the prescribed treatment,
- generally recognized side effects/harms associated with the prescribed treatment,
- the opinions of the Infant Care Review Committee (ICRC), (if the hospital has an ICRC),
- the judgment of the Perinatal Coordinator regarding whether treatment is medically indicated and whether there is credible evidence of medical neglect, and
- the parent's knowledge and understanding of the treatment and the probable medical outcome.

Verification that treatment was medically indicated must come from a physician and may come from experts in the field of neonatal pediatrics.

Under existing rules, applicants submit preliminary proposals and final proposals in the fiscal year prior to the appropriation, and grants are then allocated early in the fiscal year of the appropriation.

These amendments eliminate calendar deadlines, allowing the Board of Higher Education to initiate the grant process at any time that funds become available; require the Board to notify all eligible institutions at any time that funds become available; reduce the present two-step proposal process to one step; reduce the amount of information which must be included in the proposal; make the proposal requirements identical for all applicants; eliminate the mandatory requirement that all grant funds must be expended in one year; and reduce the turn-around time between submission of grant proposals and distribution of grants.

6) Will this proposed rule replace an emergency rule currently in effect?  
Yes.

7) Does this rulemaking contain an automatic repeal date? No.

8) Does this proposed amendment contain incorporations by reference? No.

9) Are there any other proposed amendments pending on this Part? No.

10) Statement of Statewide Policy Objectives: This rulemaking does not affect units of local government.

12) Initial Regulatory Flexibility Analysis: Small colleges and/or universities that participate in the grant program could be considered small businesses. Proposed amendments reduce the number of proposals to be submitted from two to one, reduce the amount of information necessary to be submitted, make the standards the same for all proposals, decrease the turn-around time for receiving grants and increase the length of the grant period.

- 2) No HMO shall refuse to cover, continue to cover, or limit the amount or extent of coverage available to an enrollee, or charge a different rate for the same coverage solely because of a physical or mental impairment, except where the refusal, limitation or rate differential is based on sound actuarial principles applied to actual experience, or, if insufficient actual experience is available, then to reasonably anticipated experience.

A complete description is contained in the Board's Proposed Opinion of December 6, 1989 in R89-12 which Opinion is available from the address below.

This proposal amends the Board's pretreatment rules, which govern discharges by industrial users to publicly owned treatment works (POTWs). The rules are intended to prevent industrial discharges from passing through POTW treatment plants, without adequate treatment, to waters of the State, and to prevent industrial discharges from interfering with the operation of the treatment plant. The Board's pretreatment rules are contained in 35 Ill. Adm. Code 307 and 310. This rulemaking updates the pretreatment rules to correspond with amendments to the USEPA pretreatment rules during the period from January 1 through June 30, 1989.

The Board proposes updating the incorporations by reference in affected sections to include the revisions as embodied in the 1989 edition of the Code of Federal Regulations. The proposed amendment to the 35 Ill. Adm. Code 310.110 definition of "sludge requirements" would incorporate any requirements imposed by NPDES permit condition, whether by the Agency or USEPA, in order to accommodate new federal sludge use and management requirements, the first phase of which USEPA published on May 2, 1989.

6) Will this proposed rule replace an emergency rule currently in effect? No.

7) Does this rulemaking contain an automatic repeal date? No.

8) Does this proposed amendment contain incorporations by reference?

Yes. This Part incorporates federal regulations by reference. Section 13.3 of the Environmental Protection Act provides that Section 6.02 of the APA does not apply to this rulemaking.

9) Are there any other amendments pending on this Part? No.

## NOTICE OF PROPOSED AMENDMENTS

1) Heading of the Part: SEWER DISCHARGE CRITERIA2) Code Citation: 35 Ill. Adm. Code 3073) Section Numbers:

Proposed Action:

307.2490 Amendment

307.2491 Amendment

307.8103 Amendment

307.8109 Amendment

4) Statutory Authority: Ill. Rev. Stat. 1987, ch. 111 1/2, pars. 1013.3 and 1027.5) A Complete Description of the Subjects and Issues Involved:

A complete description is contained in the Board's Proposed Opinion of December 6, in R89-12 which Opinion is available from the address below.

This proposal amends the Board's pretreatment rules, which govern discharges by industrial users to publicly owned treatment works (POTWs). The rules are intended to prevent industrial discharges from passing through POTW treatment plants, without adequate treatment, to waters of the State, and to prevent industrial discharges from interfering with the operation of the treatment plant. The Board's pretreatment rules are contained in 35 Ill. Adm. Code 307 and 310. This rulemaking updates the pretreatment rules to correspond with amendments to the USEPA pretreatment rules during the period from January 1 through June 30, 1989.

The Board proposes updating the incorporations by reference in affected sections to include the revisions as embodied in the 1989 edition of the Code of Federal Regulations. The proposed revision to Section 307.2490 would exclude "Anti-knock fuel additive/Blending purchased tetraethyl lead & tetraethyl lead additives" from the list of "non-complexed metal-bearing waste streams and cyanide-bearing waste streams" under lead in the organic chemicals, plastics, and synthetic fibers (OCPSF) category. The proposed revision to Section 307.2491 would exclude "Vat dyes/Mixing purchased dyestuffs (Anthraquinones, polycyclic Quinones and Indigoids)" under chromium and copper from the list of "complexed metal-bearing waste streams" in that category. For the proposed Section 307.2491 revision, "Vat dyes" is substituted under chromium (as it already appears under copper). The proposed revisions to Sections 307.8103(c)(1), 307.8103(d)(1), 307.8109(c)(1), and 307.8109(d)(1) would provide an alternative to zero discharge of process wastewaters from tube reducing for new and existing sources in the nickel-cobalt and zirconium-hafnium forming subcategories of the nonferrous metals forming and metal powders point source category. Under the proposed amendments, such entities may

discharge their wastewaters if the results of monthly chemical analyses show no levels of three nitrosamines (N-Nitrosodimethylamine, N-Nitrosodiphenylamine, and N-Nitroso-n-propylamine) above the detection limits for method 1625. The sampling frequency reduces to quarterly if none of these amines are detected above the limits set forth.

6) Will this proposed rule replace an emergency rule currently in effect? No.7) Does this rulemaking contain an automatic repeal date?: No.8) Does this proposed amendment contain incorporations by reference?

Yes. This Part incorporates federal regulations by reference. Section 13.3 of the Environmental Protection Act provides that Section 6.02 of the APA does not apply to this rulemaking.

9) Are there any other amendments pending on this Part? No.10) Statement of Statewide Policy Objectives:

This rulemaking is mandated by Section 13.3 of the Environmental Protection Act. The statewide policy objectives are set forth in Section 11 of that Act. These rules are intended to prevent industrial discharges from passing through or interfering with publicly owned treatment works.

11) Time, Place and Manner in which interested persons may comment on this proposed rulemaking:

The Board will accept written public comment on this proposal for a period of 45 days after the date of this publication. Comments should reference Docket R89-12 and be addressed to:

12) Initial Regulatory Flexibility Analysis:

A) Date rule was submitted to the Small Business Office of the Department of Commerce and Community Affairs: December 8, 1989.

B) Types of small businesses affected:

This rulemaking may affect small businesses which are involved in blending purchased tetraethyl lead anti-knock fuel additives, mixing purchased vat dyestuffs, or engaged in tube reducing nickel-cobalt or hafnium-zirconium nonferrous metals.

## POLLUTION CONTROL BOARD

## NOTICE OF PROPOSED AMENDMENTS

C) Reporting, bookkeeping or other procedures required for compliance:

The existing rules in 35 Ill. Adm. Code 307 and 310 require that industrial users obtain pretreatment permits or authorizations to discharge, and to complete periodic reports as to amounts discharged. The proposed amendments to Sections 307.8103 and 307.8109 would require dischargers engaged in tube reducing nickel-cobalt or hafnium-zirconium nonferrous metals, which are presently prohibited from discharging their process wastewaters to sewers, to report the results of chemical analyses of those wastewaters before they can discharge them to sewers.

D) Types of professional skills necessary for compliance:

The existing and proposed rules may require the services of an attorney, chemist and registered professional engineer.

2) Code Citation: 35 Ill. Adm. Code 302

3) Section Numbers: Proposed Action:

302.208 Amendment  
302.211 Amendment  
302.304 Amendment

4) Statutory Authority: Ill. Rev. Stat. 1987, ch. 111 1/2, pars. 1013 and 1027.

5) A Complete Description of the Subjects and Issues Involved:

These amendments are part of a proceeding entitled, Proposed Amendments to Title 35, Subtitle (C) Toxics Control, Board Docket R88-21, Docket B. Other related amendments are proposed in Parts 303, 304, 305, and 309, and are contained in separate notices pertaining to those parts. A description is also contained in the Board's Opinion and Order of December 6, 1989, which is available from the Clerk of the Board, at the address indicated below. (See #11)

The Board created the Docket B proceeding as part of the overall R88-21 proceeding. In the overall proceeding amendments to this part regulate toxic substances. The Board previously proposed the deletion of the current total iron water quality standards. (13 Ill. Reg. 14172, 9/15/89). In this Docket B, the Board proposes an alternative to the current total iron standard, standards for dissolved iron. These dissolved iron standards are proposed for both General Use Waters at 302.208 and Public and Food Processing Waters at 302.304.

Also, the Illinois Environmental Regulatory Group recommended the addition of subsection (k) to 302.211, based on concerns regarding allowed mixing and the unique nature of thermal discharges. Interested persons are requested to comment.

6) Will this proposed rule replace an emergency rule currently in effect? No

7) Does this rulemaking contain an automatic repeal date? No

8) Does this proposed amendment contain incorporations by reference? No

## POLLUTION CONTROL BOARD

## NOTICE OF PROPOSED AMENDMENT

The National Pollution Discharge Elimination System ("NPDES") is the procedure established by the USEPA, and managed by the State, to control discharges into surface water. According to the Illinois Department of Energy and Natural Resources ("DENR") in its "Analysis of Proposed Revisions to Subtitle C Toxics Control Program: Pollution Control Board Docket R88-21" filed with the Pollution Control Board on August 9, 1989, there are 759 NPDES permitted municipal facilities and 269 NPDES permitted public water supply facilities in Illinois. These facilities may be required to establish, expand or modify their activities in such a way as to necessitate additional expenditures from local revenues.

11) Time, Place and Manner in which interested persons may comment on this proposed rulemaking:

The Board will accept written public comment on this proposal for a period of 45 days after the date of this publication. Comments should reference Docket R88-21(B) and be addressed to:

Ms. Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board  
State of Illinois Center, Suite 11-500  
100 W. Randolph St.  
Chicago, IL 60601

12) Initial Regulatory Flexibility Analysis:

A) Date rule was submitted to the Small Business Office of the Department of Commerce and Community Affairs:  
December 12, 1989

B) Types of small businesses affected:

NPDES permitted small businesses that may be affected by this proposal include the following: food stores, hotels and other lodging places, auto repair, restaurants, building materials and garden supply stores, automotive dealers, service stations, printing and publishing companies, and furniture and fixture stores. This information is based upon DENR's "Analysis of Proposed Revisions to Subtitle C Toxics Control Program: Pollution Control Board Docket R88-21" filed with the Pollution Control Board on August 9, 1989.

C) Reporting, bookkeeping or other procedures required for compliance:

## POLLUTION CONTROL BOARD

## NOTICE OF PROPOSED AMENDMENT

There are no new reporting, bookkeeping or other procedures required for compliance.

- D) Types of professional skills necessary for compliance:  
The proposed amendments as well as the existing regulation may require the services of a professional engineer.

- 3) At an adjudicative hearing the discharger shall satisfactorily demonstrate to the Board that the artificial cooling lake receiving the heated effluent will be environmentally acceptable, and within the intent of the Act, including, but not limited to:
- A) provision of conditions capable of supporting shellfish, fish and wildlife, and recreational uses consistent with good management practices, and
- B) control of the thermal component of the discharger's effluent by a technologically feasible and economically reasonable method.
- 4) The required showing in subsection (j)(3) may take the form of an acceptable final environmental impact statement or pertinent provisions of environmental assessments used in the preparation of the final environmental impact statement, or may take the form of a showing pursuant to Section 316(a) of the Clean Water Act (CWA) (33 U.S.C. 1251 et seq.), which addresses the requirements of subsection (j)(3).

Section 230.360 General Financial and Compliance Requirements

## NOTICE OF ADOPTED AMENDMENTS

- a) All grantees and contractors who receive financial assistance through the Illinois Department on Aging must obtain a financial and compliance audit of their aging program operations. Such financial and compliance audits must be made in accordance with generally accepted auditing standards, including the standards of:
- 1) the U.S. General Accounting Office's publications, Standards for Audit of Governmental Organizations, Programs, Activities, and Functions Government Auditing Standards (43 CFR 12 45 CFR 92, October 1, 1985 1988, no later editions or amendments included) and Guidelines for Financial and Compliance Audits of Federally Assisted Programs, and
  - 2) any specific audit instructions issued by the Illinois Department on Aging.
- b) Financial and Compliance Audits shall be performed by a licensed firm of Certified Public Accountant(s) in good standing who are sufficiently independent of those who authorize the expenditure of Older Americans Act or related funds (e.g., interest income, local cash, in-kind contributions, project income), including the matching funds provided, in order to produce unbiased opinions, conclusions or judgments. They shall meet the independence criteria outlined in Chapter 3, Part 3 11, of the U.S. General Accounting Office publication, Government Auditing Standards for Audit of Governmental Organizations, Programs, Activities and Functions (43 CFR 12 45 CFR 92, October 1, 1985 1988, no later editions or amendments included). In instances where the grantee is an agency of a unit of general purpose government, the grantee may contract with the audit division thereof subject to the prior approval of the Illinois Department on Aging and subject to the requirements of Section 230.363.
- c) Financial and Compliance Audits must be conducted annually.
- d) Where an aging project is operated within a multipurpose organization or one which operates more than one aging project, the grantee may obtain an organization-wide financial compliance audit so long as the audit procedures used and the audit report address the aging project specifically. Also, the portion of the audit expense charged to the Older Americans Act or other Illinois Department on Aging-administered funds must be proportional to the share of the audit dealing with the project.
- e) Each grantee must establish a procedure for reviewing financial and compliance audit reports and responding to recommendations.

## NOTICE OF ADOPTED AMENDMENTS

## Section 230.362 Audit Engagement Letter

- 1) Scope of the audit.
  - 2) Audit Period.
  - 3) Type of audit.
  - 4) Provision for an expression of positive assurance on the compliance of the audited entity with regulatory requirements (described in Section 230.361) for tested items, and negative assurances for untested items.
  - 5) Provision for a letter of non-material finding(s) (minor discrepancies found in the audit and not included in the report) developed in the audit and excluded from the report.
  - 6) Basis for allocation of fee. The cost of the audit shall be distributed to all sources of funds based on a reasonable distribution plan.
  - 7) Due date for submission of the final and compliance audit.
  - 8) Submission of one full, complete copy of the compliance audit working papers to the audited entity.
  - 9) Any additional terms, agreements or relationships imposed by the area agency grantee or the auditor affecting the audit agreement.
- b) The Audit Engagement Agreement must be submitted to the Department for approval no later than three (3) two (2) months after the end of the fiscal year to be audited.
- c) The Department (Division of Administrative Compliance, Financial Compliance/Audit Review Section) will approve or deny the engagement terms on the basis of the content of the audit engagement agreement specified in the audit engagement letter. The audit engagement agreement will be denied for any of the following reasons:
- 1) The audit engagement agreement does not meet the minimum content required by subsection (a);

## DEPARTMENT ON AGING

## NOTICE OF ADOPTED AMENDMENTS

2) The basis of allocation of the audit fee is not deemed to be reasonable because the percentage of the fee charged to each funding source or program does not represent the proportion of funds expended from each source or program relative to total funds expended for the audit period;

3) The terms of the agreement do not comply with rule provisions governing audits, as specified in Sections 230.360 - 230.365.

## Section 230.364 Scope of the Financial and Compliance Audit

The scope of the financial and compliance audit must include, but not necessarily be limited to the following:

- a) Each governmental grantee is responsible for securing its own non-Federal organization-wide financial and compliance audit.
- b) Each non-profit grantee is responsible for securing its own non-Federal program financial and compliance audit. A non-profit grantee may elect to have an organization-wide financial and compliance audit performed in lieu of a program audit.
- c) Commercial for-profit organizations having cost-type contracts (i.e., the vendor is reimbursed for the actual allowable costs spent) with area agencies are required to secure a contract audit. Provided there has been an advertised or competitively-negotiated contract award, a fixed-price or fixed reimbursement rate contract, whether awarded to commercial or non-profit organizations need not be audited, although grantees are required to institute staff inspections to ensure the adequacy of the quality and quantity of services or goods delivered.
- d) Audit of the area agency's grantee's financial records for the period beginning with the start of the grant or starting from the last prior audit, whichever is later.
- e) Audit of the degree of the grantee's conformance in complying with significant compliance requirements (as specified in OMB publication "Compliance Supplement for Single Audits for State and Local Governments") that could have a material effect upon the grantee's program.
- f) Organization-wide audits are to be performed on the basis of the area agency's grantee's fiscal year. Program audits may be performed either on the area agency's grantee's fiscal year or the grant's program year.

1) The grantee must contact the Department to inform it of the time and place of the exit conference, at least one week in advance of the proposed date, when possible;

f) Area agencies Grantees will have a maximum of 180 days from the date of receipt of the final audit report to resolve any audit findings and/or questioned costs. Repayment must be completed based on any negotiated settlement.

1) Questioned costs will be disallowed if audit resolution does not occur within the 180 day time limitation or if documentation is inadequate to resolve questioned costs.

2) If questioned costs are deemed disallowed, a disallowance of questioned costs letter will be forwarded to the audited entity by the Department requesting a return of funds for the identified disallowed costs.

## DEPARTMENT ON AGING

## NOTICE OF ADOPTED AMENDMENTS

3) If unallowable costs are contained within the audit report, and thus disallowed, a letter will be forwarded to the audited entity by the Department requesting a return of funds for the identified unallowable costs. Unallowable costs can only be resolved by remittance of funds due.

4) Failure to remit funds due for either questioned costs deemed disallowed or unallowable costs within 30 days will necessitate the Department to take appropriate action against the grantee agency (e.g., legal, administrative, withholding of funds).

5) Audit resolution can take place any time within the 180 day timeframe.

This requirement may be waived in the judgment of the admitting physician only if such an examination was done within three days prior to admission and the results are received by the facility and are entered into the recipient's clinical record.

- A) The examination shall include an evaluation of the recipient's condition, including height, weight, blood pressure and vital signs, diagnoses, plan of medical treatment, recommendations for care, including personal care needs, treatment orders, permission for participation in activity programs, as appropriate, and any other examinations that are required by the accrediting agencies cited in subsection (1) above, as well as the Standards for Services for People with Developmental Disabilities, published by the Accreditation Council on Services for People with Developmental Disabilities (ACSD), 1987 with no later editions or amendments. - iii) 77 Ill. Adm. Code 697 (AIDS Confidentiality and Testing Code).

- 2) An electrocardiogram (EKG) shall be provided within three days of admission, excluding Saturdays, Sundays, and holidays, for any recipient age 40 or over, except that an admission EKG need not be repeated on readmission if one was provided within the previous 12 months during a prior

3) A Papanicolaou (Pap) smear uterine cytologic examination for cancer shall be offered to all female recipients admitted or readmitted to a Department facility who are 20 years of age and over, or under 20 years of age if sexually active, unless the examining physician considers the examination contraindicated, the examination has been performed within the previous year and the results were normal, or the examination is refused by the recipient on the counsel of the examining physician or on her own judgment. Results of tests performed outside the facility shall be obtained and entered into the recipient's clinical record. A Pap smear uterine cytologic examination shall be offered and recommended annually. The examining physician shall document in the recipient's clinical record the results of the Pap smear, whether or not the test was contraindicated, or that the recipient refused the examination.

4) In the event that the recipient's psychiatric, behavioral, or medical condition is such that the physical examination as described in subsection (a)(1)(A) cannot be completed within the times stated in subsection (1) above, the examining physician may extend the time frame until the completion of the condition has improved to allow the completion of the examination. Every 72 hours the examining physician shall record in the recipient's clinical record the condition preventing a complete physical examination and the continuation of the recipient's condition until the physical examination has been completed. NOTICE OF ADOPTED AMENDMENTS

1) The examination report shall include an evaluation of the recipient's dental condition, diagnoses, plan of treatment, recommendations for oral health care and dental hygiene, and treatment orders.

2) The physician may extend the time for conduct of the dental examination; however, the physician must record the reason for the extension in the recipient's clinical record. If the recipient's dental examination is delayed in excess of 30 days, such delay shall require notice from the examining physician to the facility director, and a special conference of the treatment team to identify a course of action designed to protect the recipient from inappropriate treatment based on inadequate information.

c) Schedule for examinations and treatment plan

1) Physical examinations shall be repeated annually. In accordance with Section 7 of "AN ACT codifying the powers and duties of the Department of Mental Health and Developmental Disabilities", dental examinations shall be repeated every 18 months for mentally ill recipients while residing in Department facilities. 3) Upon completion of the comprehensive diagnostic examinations, a treatment plan for any medical and dental services shall be established as part of the recipient's individualized services plan.

Informed consent is defined as permission for a procedure freely granted by a person or persons authorized by law to give consent to services and treatment plans, i.e., the recipient, guardian (if the recipient is under guardianship) or parent (if the recipient is under age 18). Informed consent is based on the full disclosure to the authorized person of the information required to make the decision intelligently, including a description of the procedure, the possible benefits and the risks and the alternative(s) to the procedure.

- 1) For the purposes of this Section, the person(s) authorized to give consent shall be informed of the treatment plan for medical and dental services, and shall be provided with the information necessary to give informed consent. The documented agreement to the individualized services plan will obviate the need for specific agreement to the treatment plan for medical and dental services.

- 2) The person(s) authorized to give consent shall be informed of the method whereby he or she can exercise the right to refuse medical and dental services.

B) Medical - non-psychotropic medication, endoscopy not involving anesthesia, exercise regimens and sutures.

- 4) A written consent, signed by the person authorized to give consent, shall be required for all other procedures, including general anesthesia, surgery (both medical and dental) and radiation therapy. The written consent shall be specific to the procedure or course of therapy to be used and shall only apply to a particular procedure performed at a

particular time or to a course of therapy of which the procedure is a part. An additional consent shall be obtained for each subsequent procedure. A consent authorizing a specific Department staff person to perform a procedure is specific to that staff person.

- 5) If consent is denied by the person authorized to consent, medical or dental procedures shall not be provided except pursuant to subsection (6) below. Such refusal shall be documented in the recipient's medical record.

- 6) In accordance with Section 2-111 of the Code when a medical or dental emergency exists, if the physician or licensed dentist who examines the recipient determines that the recipient is not capable of giving informed consent, essential medical or dental procedures may be provided without consent. No physician nor licensed dentist shall be liable for a non-negligent good faith determination that a medical or dental emergency exists. The nature of the emergency shall be documented in the recipient's medical record and notice shall be given to the recipient, the legal guardian or parent(s).

e) Communicating examination findings

Significant or negative examination findings obtained from the recipient's physical examination results of laboratory tests as they become known shall be communicated to the recipient or, if the recipient is under guardianship, to the recipient's guardian, or, if the recipient is a minor to the recipient's parent or guardian. The fact that such findings were communicated to the recipient, parent or guardian shall be documented in the recipient's medical record.

- 7) Date Filed in the Agency's Principal Office: December 6, 1989
- 8) Reason for Emergency: The Governor signed a supplemental appropriation bill on December 5, 1989, providing additional funds for programs under the Higher Education Cooperation Act. Under existing rules, such funds could only be expended more than one year from now. Adoption of Emergency Amendments allows the Board to solicit applications and distribute grants during the current fiscal year, implementing the intent of the General Assembly and the Governor.
- 9) A Complete Description of the Subjects and Issues Involved: The Higher Education Cooperation Act authorizes grants to public and private colleges and universities and regional academic consortia for programs of interinstitutional cooperation, such as minority recruitment, retention and educational achievement, science and technology programs, graduate study centers and library resource sharing projects. Under existing rules, applicants submit preliminary proposals and final proposals in the fiscal year prior to the appropriation, and grants are then allocated early in the fiscal year of the appropriation.

These amendments eliminate calendar deadlines, allowing the Board of Higher Education to initiate the grant process at any time that funds become available; require the Board to notify all eligible institutions at any time that funds become available; reduce the present two-step proposal process to one step; reduce the amount of information which must be included in the proposal; make the proposal requirements identical for all applicants; eliminate the mandatory requirement that all grant funds must be expended in one year; and reduce the turn-around time between submission of grant proposals and distribution of grants.

The Joint Committee on Administrative Rules (JCAR) objected to Sections 112.10, 112.20 and 112.30 of the Department's rules, entitled "Treatment and Habilitation Services" (59 Ill. Adm. Code 112) at its November 16, 1989 meeting because the Department had implemented these Sections prior to the completion of the required rulemaking procedures in violation of Sections 4(c), 5(a) and 5.01(c) of the Illinois Administrative Procedure Act.

The Department agrees that it did implement the policies contained in Sections 112.10, 112.20 and 112.30 through its policy and procedures directives system. The major reason why the Department did not initiate rulemaking sooner was the continuing involvement of the court in a case concerning dually diagnosed recipients. Since there is now indication that the court's involvement in this matter may be concluding, the Department initiated rulemaking as required by Sections 4(c), 5(a) and 5.01(c) of the Illinois Administrative Procedure Act. Therefore, the Department refuses to modify these rules to meet JCAR's objection.

JOINT COMMITTEE ON ADMINISTRATIVE RULES  
ILLINOIS GENERAL ASSEMBLY

STATEMENT OF OBJECTION

DEPARTMENT OF EMPLOYMENT SECURITY

- Heading of Part: Employment
- Code Citation: 56 Ill. Adm. Code 2732
- Section Numbers: 2732.200
- Date Originally Published in Illinois Register: August 4, 1989  
13 Ill. Reg. 12748

At its meeting on December 14, 1989, the Joint Committee on Administrative Rules objected to the above proposed rulemaking. Failure of the agency to respond within 90 days of receipt of the Statement of Objection shall constitute withdrawal of the proposed rulemaking in its entirety.

The specific objections are as follows:

Objection 1

The Joint Committee objects to the Department of Employment Security's rules entitled "Employment" (56 Ill. Adm. Code 2732) because, the Department has implemented these rules prior to completion of required rulemaking procedures of the Illinois Administrative Procedure Act, in violation of Section 4(c), 5(a) and 5.01(c) of the Illinois Administrative Procedure Act.

This rulemaking implements the provisions of Section 212 of the Unemployment Insurance Act (Ill. Rev. Stat. 1987, ch. 48, par. 322) (the Act), which states that services performed by an "independent contractor" are not considered to be "employment". Section 212 of the Act lists three criteria which are to be used to determine if services performed by an individual are "employment". Those criteria are that the individual is free from the direction or control of the employing unit; that the services are performed outside all places of business of the employing unit; and that the individual is engaged in an independently established trade or business. This rule specifically sets forth factors and questions to be examined and answered in determining whether the services are "employment".

This rulemaking, which was published in the August 4, 1989 Illinois Register, is a culmination of a process which began over eighteen months ago. A complaint was brought to the Joint Committee concerning an unwritten change in policy by the Department of Employment Security for enforcement of Section 212 of the Act. The Department lacked rules

ILLINOIS GENERAL ASSEMBLY

STATEMENT OF OBJECTION

DEPARTMENT OF EMPLOYMENT SECURITY  
(Continued Page 3)

with the IAPA's rulemaking procedures. The Joint Committee has consistently issued objections to agencies which implement amendments prior to adoption of these rules under the general rulemaking procedures of Section 5.01 of the IAPA.

Therefore, the Joint Committee objects to the Department of Employment Security's rules entitled "Employment" (56 Ill. Adm. Code 2732) because, the Department has implemented these rules prior to completion of required rulemaking procedures of the Illinois Administrative Procedure Act, in violation of Section 4(c), 5(a) and 5.01(c) of the Illinois Administrative Procedure Act.

Objection 2

The Joint Committee objects to Section 2732.200(a) of the Department of Employment Security's rules entitled "Employment" (56 Ill. Adm. Code 2732) because, contrary to the requirements of Section 4.02 of the Illinois Administrative Procedure Act (IAPA), the rules fail to set forth, as precisely and clearly as practicable, the standards the Department will use when determining what other investigations are necessary for the Department to undertake in order to make the determination of whether services performed by an individual for an employing unit are employment.

The Department proposed this rulemaking to implement Section 212 of the Unemployment Insurance Act (the Act) (Ill. Rev. Stat. 1987, ch. 48, par. 322). Section 212 of the Act provides a three pronged test to be used by the Department to determine if services performed by an individual for an employing unit are "employment" or whether the services performed are those of an "independent contractor." This rulemaking sets forth the factors the Department will consider when applying the statutory test to determine "employment".

Section 2732.200(a) lists six areas the Department will examine in determining whether services performed by an individual are employment. The provisions of Section 2732.200(a)(1) through (a)(5) list specific areas of review such as written agreements; interviews and statements of the individuals, employing units and third parties; and the examination of regulatory statutes, books, and records. Section 2732.200(a)(6) provides that the "Agency shall make any other investigation necessary to make a determination."

The Department was asked to explain how it determines that some other investigation is necessary to make a determination and what other

concerning who are covered employees for the purpose of collecting unemployment insurance. Therefore, when the Department began to notify employers that unemployment taxes, interest, and penalties were owed on employees who historically have been considered "independent contractors", confused employers turned to the Joint Committee to investigate the Department's lack of rules for its past or current policy in enforcing Section 212 of the Act. At the Joint Committee's June 14, 1988 meeting, the Joint Committee recommended that the Department immediately promulgate rules to reflect the Department's policy and recommended that the rules not include provisions for retroactive assessment. The Joint Committee also recommended that the Department cease and desist from assessing payment or back-payment of unemployment contributions and penalties against employers until the Department has adopted rules to implement specific standards for Section 212 of the Unemployment Insurance Act. This rulemaking sets forth the standards for the implementation of Section 212 of the Act.

The Illinois Administrative Procedure Act (Ill. Rev. Stat. 1987, ch. 127, par. 1101 et seq.) (IAPA) prohibits the Department from implementing rules prior to their adoption in accordance with the rulemaking procedures. Section 4(c) of the IAPA states that "[n]o agency rule is effective against any person or party, nor may it be invoked by the agency for any purpose until it has been made available for public inspection and filed with the Secretary of State as required by this Act." In addition, Section 5(a) of the IAPA provides that "prior to the adoption, amendment or repeal of any rule, each agency shall accomplish the actions required by Section 5.01, 5.02, and 5.03, whichever is applicable" (emphasis added). In this instance the Department chose to implement its rules under the general rulemaking procedures of Section 5.01. The Department, however, did not comply with Section 5.01(c) which prescribes that a rule may not be effective until its adoption. Section 5.01(c) of the IAPA states that "each rule hereafter adopted under this section is effective upon filing, unless a later effective date is required by statute or specified in the rule." Although the Department should be commended for promulgating standards implementing Section 212 of the Act; by implementing the policies reflected in this rule over eighteen months ago, the Department has failed to comply with the requirements of Sections 4(c), 5(a), and 5.01(c) prior to invoking the rule. Furthermore, Section 5(b) invalidates agency actions to adopt, amend, or repeal a rule which are not taken in compliance with the IAPA's procedural requirements.

This is not the first time that the Joint Committee has been presented with the issue of rules being invoked prior to adoption in accordance

JOINT COMMITTEE ON ADMINISTRATIVE RULES  
ILLINOIS GENERAL ASSEMBLYSTATEMENT OF OBJECTIONDEPARTMENT OF EMPLOYMENT SECURITY  
(Continued Page 4)

investigations it would make. The Department stated that it will investigate any and all other avenues necessary to make a determination regarding the services performed. The Department's representative was unable to give examples of what other investigations the Department may undertake. The Department stated that if it can not make the determination based on a review of the facts adduced by the provisions of subsections (a)(1) through (a)(5), the Department will investigate until such time as a determination can be made.

The Department's explanation indicates that the Department is attempting to allow itself every possible avenue of investigation to determine whether or not services performed by an individual for an employing unit are "employment". The Department has delineated what areas it will investigate, but the inclusion of the standard of what is "necessary" fails to precisely and clearly inform the affected public of what further "investigations" the Department will undertake.

Section 4.02 of the Illinois Administrative Procedure Act states that when an agency implements a discretionary power by rule, it shall state "as clearly and precisely as practicable," the standards by which that power will be exercised. Section 4.02 has as a goal the notification of the affected public of the standards by which the conduct of the regulated will be gauged. The Department is exercising discretion in determining what investigations it will undertake when determining what constitutes employment. The Department has included five specific areas of investigation, however the Department has also included that it will "make any other investigation necessary to make a determination." The Department, by including the last phrase, has allowed itself the discretion to proceed under any type of investigation. While its laudable that the Department has included a sixth factor in the rule in an attempt to allow for a broad universe of evidence to be evaluated it needs to redraft this factor in more precise terms. The Department's rule does not serve to inform the persons regulated by the rule what type of investigation may be undertaken. If the persons regulated are not informed as to what other investigations may occur, the ability to prepare material could be limited and result in increased costs for persons regulated.

A review of other portions of this rulemaking discloses that the Department could develop a more precise standard in this instance. The Department has included in its rules at Sections 2732.200(e) and (g) nonexclusive lists of factors and questions to be considered in determining whether services performed are employment. In those instances, the Department has made the list nonexclusive so that

JOINT COMMITTEE ON ADMINISTRATIVE RULES  
ILLINOIS GENERAL ASSEMBLYSTATEMENT OF OBJECTIONDEPARTMENT OF EMPLOYMENT SECURITY  
(Continued Page 5)

employing units may offer additional material to show the relationship between the unit and individuals performing services. That is not the case in this instance. Section 2732.200(a)(6) is specifically referring to the Department making "any other investigations necessary to make a determination." The discretion maintained by the Department in this Section fails to inform the public what standards the Department will use in determining what other investigations to undertake.

Therefore, the Joint Committee objects to Section 2732.200(a) of the Department of Employment Security's rules entitled "Employment" (56 Ill. Adm. Code 2732) because, contrary to the requirements of Section 4.02 of the Illinois Administrative Procedure Act (IAPA), the rules fail to set forth, as precisely and clearly as practicable, the standards the Department will use when determining what other investigations are necessary for the Department to undertake in order to make the determination of whether services performed by an individual for an employing unit are employment.

Objection 3

The Joint Committee objects to Section 2732.200(e)(8) of the Department of Employment Security's rules entitled "Employment" (56 Ill. Adm. Code 2732) because, contrary to the requirements of Section 4.02 of the Illinois Administrative Procedure Act, (IAPA) the rules fail to include clear and precise standards to be used in determining what constitutes a shop or office for purposes of determining whether an individual is engaged in an independently established trade, occupation, profession or business.

The Department's rulemaking includes factors to be examined by the Department when determining whether services performed by an individual is employment pursuant to the provisions of Section 212 of the Unemployment Insurance Act (the Act) (Ill. Rev. Stat. 1987, ch. 48, par. 322). The rules also include questions which will be asked by the Department to determine if the individual is under the "direction or control" of the employing unit.

Section 2732.200(e) sets forth specific factors the Department will examine to determine if a person is "engaged in an independently established trade, occupation, profession or business" as set out in Section 212(C) of the Act. Section 2732.200(e)(8) lists, as one of those factors, "the individual has a shop or office of his own."

The Department was asked to define what constitutes a "shop or office" and to clarify if working out of ones home would constitute a "shop or office". This issue was also raised by several of the public comments received by the Department and the Joint Committee. The commentators suggested that the rule stretched the employer's activity into the business location of an independent business. The Department responded to the commentators and the Joint Committee by stating that Section 212 of the Act provides that a worker's services must be performed outside of all places of business of the enterprise. The Department cited Eutectic Welding Alloys Corp. v. Rauch, 1954, 1 Ill. 2d 328, which held that, even though the employing unit had no office in the state, sales representatives were representing its business interests in the state; consequently, the sales representatives were not independent businessmen. The Department further stated that home workers and cab drivers, although they do not work in their employers' offices, have been held to be in employment, because, given the nature of their services, the employers do not contemplate that the services will be performed on the employers' premises. *Peasley v. Murphy*, 1942, 381 Ill. 187; *Meyers v. Cummins*, 1956, 7 Ill. 2d 582. The Department stated that what constitutes a shop or office will be a factual determination based on case law in Illinois. The Department declined to add more specific standards for what constitutes a "shop or office."

Section 4.02 of the Illinois Administrative Procedure Act states that when an agency implements a discretionary power by rule, it shall state "as clearly and precisely as practicable," the standards by which that power will be exercised. Section 4.02 has as a goal the notification of the affected public of the standards by which the conduct of those regulated will be gauged. The Department has set forth in subsections (e)(1) through (e)(14) specific factors to be examined when determining if a business is independently established. However, the use of the phrase "shop or office" without further definition has left the rule deficient. The Department has cited three cases which delineate, to some extent, what constitutes a shop or office, but the Department declined to include those standards in its rule.

Although Section 2732.200(e)(8) is referring to the "individual" having a shop or office of his own as being one of the factors to be considered when determining if an individual is "independent"; it should be noted that the extension of the definition of "shop or office" to that of an employing unit's shop or office, rather than the individual's, would remove one factor of independence from the individual. As the rule is written, the Department has not given either the employing unit or the individual standards to follow when setting up offices. How is an

DEPARTMENT OF EMPLOYMENT SECURITY  
(Continued Page 7)

individual to proceed when opening a shop or office to ensure that the Department will view it as the individuals shop or office? This question is not answered by the Department's rule.

Therefore, the Joint Committee objects to Section 2732.200(e)(8) of the Department of Employment Security's rules entitled "Employment" (56 Ill. Adm. Code 2732) because, contrary to the requirements of Section 4.02 of the Illinois Administrative Procedure Act, (IAPA) the rules fail to include clear and precise standards to be used in determining what constitutes a shop or office for purposes of determining whether an individual is engaged in an independently established trade, occupation, profession or business.

At its meeting on December 14, 1989, the Joint Committee requests of the Department of Employment Security that it provide a timetable specifying when the Department plans to promulgate amendments to 56 Ill. Adm. Code 2765. The Department should respond within 90 days of the receipt of this Statement of Recommendation.

The specific recommendation is as follows:

The Joint Committee requests that the Department of Employment Security provide the Joint Committee with a timetable specifying when the Department plans to promulgate amendments to 56 Ill. Adm. Code 2765 which will deal with establishing grounds for waiver of interest and penalties for employing units which have been found to have "employees" performing services rather than "independent contractors".

The Department has proposed this rulemaking to implement the provisions of Section 212 of the Unemployment Insurance Act (Ill. Rev. Stat. 1987, ch. 48, par. 322). The rules, as proposed, set forth the Department's policy for evaluating whether or not a service performed by an individual is employment. The rules set forth specific factors to be assessed in determining whether or not a person is engaged in an independently established trade, occupation, program or business. The rule also includes questions to be asked in determining if an individual is under the direction or control of an employing unit.

The Department's proposed rulemaking is a culmination of negotiations between the Department, industry and labor over the issue of whether or not services performed for an employing unit are employment or services performed by an independent contractor. The Department has indicated to the Joint Committee, as well as to industry and labor, that it will be proceeding with amendments to 56 Ill. Adm. Code 2765 concerning when penalties and interest may be waived by the Department in instances where an employer/employee relationship has been found by the Department. Specifically, this waiver will deal with the area of

independent contractors, where an employer/employee relationship is found rather than that of an independent contractor. At this time the Department has not proposed a regulation dealing with such a waiver of interest or penalty.

Public comment received during review of this rulemaking expressed the concern of industry with the assessment of penalties and interest. The Department responded to those commentators by stating that this issue should be addressed in Part 2765 and the Department will consider the issue of waiver of interest and penalties.

Therefore, the Joint Committee requests that the Department of Employment Security provide the Joint Committee with a timetable specifying when the Department plans to promulgate amendments to 56 Ill. Adm. Code 2765 which will deal with establishing grounds for waiver of interest and penalties for employing units which have been found to have "employees" performing services rather than "independent contractors".

Code Citation: 89 Ill. Adm. Code 700

Section Numbers: 700.200

Date Originally Published in Illinois Register: September 15, 1989

At its meeting on December 14, 1989, the Joint Committee on Administrative Rules objected to the above proposed rulemaking. Failure of the agency to respond within 90 days of receipt of the Statement of Objection shall constitute withdrawal of the proposed rulemaking in its entirety.

The specific objection is as follows:

The Joint Committee objects to Section 700.200(a) of the Department of Rehabilitation Services rules governing "Service Plan Development" (89 Ill. Adm. Code 700), because the Department lacks the statutory authority to pay Personal Assistants at \$3.68 per hour until the authorizing statute's (Public Act 86-908) effective date of January 1, 1990.

The proposed amendments to Section 700.200(a) include changing all references from "personal care attendant" to "Personal Assistant," increasing the hourly wage from \$3.50 to \$3.68 per hour, providing for payment of new Personal Assistants twice in the first month and once per month thereafter, and specifying Respite Services provisions for rates of payment and types and skill levels of service providers. The Department promulgated emergency provisions concerning this wage increase for Personal Assistants at 13 Ill. Reg. 13684 on August 25, 1989, which the Joint Committee reviewed at its October 17, 1989 meeting. The Committee objected to that emergency rulemaking, because, contrary to Section 5.02 of the Illinois Administrative Procedure Act, there was no threat to the public interest, safety or welfare which justified the use of emergency rulemaking procedures.

The Department was asked whether it was currently paying its Personal Assistants at the \$3.50 per hour level or at the \$3.68 per hour level. Relying upon Public Act 86-65 effective July 1, 1989, as its authority for the emergency amendments, the Department promulgated an emergency rulemaking to allow it to immediately pay the Personal Assistants at the

\$3.68 level. The representative indicated that the Department has continued to pay Personal Assistants at this \$3.68 level.

Public Act 86-65 does not authorize an hourly wage increase for Personal Assistants. Public Act 86-65 effective July 1, 1989, contains the Department of Rehabilitation Services' (DORS) budget appropriation for FY90 and is silent as to any increase in the wages for personal care attendants. Public Act 86-65 appropriates the money for DORS to operate its programs. Section 1 of Public Act 86-908 which was approved on September 11, 1989, and becomes effective on January 1, 1990, does provide the Department with authority for the amendment. It states:

Starting July 1, 1989, the Department shall provide a 5% increase in the hourly wage paid to an individual for services as a personal care attendant. Thereafter, the Department shall increase the hourly wage of personal care attendants to reflect changes in the Consumer Price Index For All Urban Consumers as determined by the United States Department of Labor. In no case shall the Department pay personal care attendants an hourly wage that is less than the federal minimum wage.

Public Act 86-908 passed both Houses on June 16, 1989, and the Governor signed the bill on September 11, 1989, but no effective date was included. Section 1(a) of "AN ACT in relation to the effective date of laws" (Ill. Rev. Stat. 1987, ch. 1, par. 1201 et seq.) provides that "[a] bill passed prior to July 1 of a calendar year that does not provide for an effective date on the terms of the bill shall become effective on January of the following year, or upon its becoming law, whichever is later." Public Act 86-908 passed both Houses prior to July 1, but does not provide for an effective date. Public Act 86-908 will become effective on January 1, 1990.

Since Public Act 86-908, which authorizes the Section 700.200(a) increase in the hourly rate for Personal Assistants, does not become effective until January 1, 1990, the Department cannot rely upon Public Act 86-908 as its authority for the proposed amendments. On January 1, 1990, the Department will be able to implement the law and provide the salary increases retroactive to July 1, 1989. Despite the fact that such a course of action seems to be less than fair to Personal Assistants, the Department simply has no authority to provide a salary increase to these

Personal Assistants until Public Act 86-908 becomes effective on January 1, 1990.

Therefore, the Joint Committee objects to Section 700.200(a) of the Department of Rehabilitation Services rules governing "Service Plan Development" (89 Ill. Adm. Heading of Part: Retailers' Occupation Tax

Section Numbers: 130.330  
130.2000

Date Originally Published in Illinois Register: December 23, 1988  
12 Ill. Reg. 22097

At its meeting on December 14, 1989, the Joint Committee on Administrative Rules objected to the above proposed rulemaking. Failure of the agency to respond within 90 days of receipt of the Statement of Objection shall constitute withdrawal of the proposed rulemaking in its entirety.

The specific objection is as follows:

The Joint Committee objects to the Department of Revenue's rulemaking entitled "Retailers' Occupation Tax" (86 Ill. Adm. Code 130), because the Department has not been responsive to public comment requesting amendments to this rulemaking.

The Department of Revenue promulgated this rulemaking to implement elements of Public Act 85-1135 (effective September 1, 1988). That act amended Section 2 of the Retailers' Occupation Tax Act (Ill. Rev. Stat. 1987, ch. 120, par. 441) to exempt photoprocessing machinery and equipment from the provisions of that act and instead subject products of photoprocessing (photographs, negatives) to taxation. The rules provide that photographers are subject to Retailers' Occupation Tax liability, but only for that element of photography services representing the photoprocessing component of photographers' total charges to customers. The proposed rules of the Department provide that in the absence of an itemized charge for photoprocessing by a film lab or photographer, Retailers' Occupation Tax is levied on 50% of the final product. Photographers are liable for collection of the tax, but the tax levied is either placed on the photoprocessing component (if separately charged) or on 10% of the final sales price.

Section 130.330(b)(9) of the Department's rulemaking states that photoprocessing is deemed to be manufacturing, for purposes of the machinery and equipment exemption from Retailers' Occupation Tax, if the products of photoprocessing are sold. The Department then lists

JOINT COMMITTEE ON ADMINISTRATIVE RULES  
ILLINOIS GENERAL ASSEMBLY

## STATEMENT OF OBJECTION

DEPARTMENT OF REVENUE  
(Continued Page 2)

machinery and equipment which would qualify for exemption: developers, dryers, enlargers, mounting machines, etc.

Section 130.200(a) of the Department's rulemaking lists operations that are categorized as graphic arts occupations that may or may not qualify for the graphic arts machinery and equipment exemption set forth in Section 130.325 of the Department's rules. Section 130.200(a) states printers, book binders, commercial artists and photofinishers, among others, are professions that may or may not qualify for the exemption provided in Section 130.325.

The Department received correspondence from legal representatives of the Photo Marketing Association International which requested that Section 130.330(b)(9) of the Department's rulemaking add more examples of the types of equipment and machinery that would be exempt from tax liability under this rulemaking. There was also comment that chemicals purchased by photoprocessors are transferred to the final product and should be purchased tax-free as purchases for resale. The Department declined to add more examples of exempt equipment and machinery, stating that examples of exempt equipment are presently in the rulemaking and that the listing provided by the Department is "probably more extensive than for other manufacturing operations." The Department stated it has had no objection to providing illustrations in its rulemaking, but did not wish to establish a precedent whereby a comprehensive listing would have to be provided throughout all of its administrative rules. It did amend Section 130.2000(e)(1) of its rulemaking to add sellers of chemicals as not being liable for tax.

It was also requested that the word "photofinishers" be deleted from Section 130.2000(a) as persons engaged in the graphic arts occupations who may qualify for the graphic arts machinery and equipment exemption set forth in Section 130.325 of the Department's rules. The public comment suggested that retention of the text would lead to confusion as to whether a photofinisher is "still a serviceman." The Department declined to accede to this request, stating that retention of its existing text which classifies a photofinisher as a graphic arts occupation does not determine whether the occupation is taxed under the Retailers' Occupation Tax or the Service Occupation Tax. That is grounded on the type of service or product provided and the nature of the transaction which occurs, and not on a blanket categorization. Apparently the Department is confident that its second notice revision of Section 130.2000(b)(3) which added statutory language clarifying what is deemed to be photoprocessing and how the tax is levied was adequate to remedy any ambiguity perceived by the Photo Marketing Association

DEPARTMENT OF REVENUE  
(Continued Page 3)

International as to when a photofinisher is liable for tax under this rulemaking. It is the Department's position that such a finding is dependent upon the circumstances of the transaction.

Sections 220.900(b)(3) and (c)(5) of the Joint Committee's operational rules list two review criteria that may be applicable in this instance: Is the language of the rules simple and clear, so that the rules can be understood by the persons and group which they will affect, and was the agency responsive to public comments which were made on the rulemaking? The Department's refusal to add more examples of exempt equipment in Section 130.330(b)(9) from the twenty-one classes of equipment suggested by the public comment arguably may not be responsive to the public comment it received and may thus bring about confusion concerning the Department's policies by the regulated community. The Department's position that its rules as proposed and modified at second notice accurately describe the circumstances in which a photofinisher is liable for retailers' occupation tax may bring about the same concerns. In any event, a leading professional organization voiced their concerns which the Department has declined to fully accommodate.

Section 5.01 of the IAPA is designed to inform the regulated public of agency policies in advance of their adoption and provide an opportunity for public comment. That Section also directs the Department to "consider all submissions received". In this instance, the Joint Committee may believe that the Department's failure to list further examples of exempt machinery in Section 130.330(b)(9) and its negative response to the request that "photofinishers" be removed from Section 130.2000(a) was not responsive to the public comment received, or will cause confusion among the parties subject to this rulemaking.

Therefore, the Joint Committee objects to the Department of Revenue's rulemaking entitled "Retailers' Occupation Tax" (86 Ill. Adm. Code 130), because the Department has not been responsive to public comment requesting amendments to this rulemaking.

At its meeting on December 14, 1989, the Joint Committee on Administrative Rules objected to the above emergency rulemaking. Failure of the agency to respond within 90 days of receipt of the Statement of Objection shall constitute a refusal to amend or repeal the rule.

The specific objection is as follows:

The Joint Committee objects to the emergency amendment of the Medical Assistance Programs rules of the Department of Public Aid (89 Ill. Adm. Code 120) because, contrary to the requirements of Section 5.02 of the Illinois Administrative Procedure Act, any emergency situation which may exist has been created by the failure of the Department to pursue normal rulemaking through the procedures of Section 5.01 of the IAPA in a timely manner.

This emergency rulemaking amends the Department's rules governing property transfers and how such transfers are treated for purposes of determining eligibility for the Medical Assistance Programs. This emergency rulemaking is in response to the federal Medicare Catastrophic Coverage Act of 1988 (P.L. 100-360, July 1, 1988).

The Department was asked to explain the threat to the public interest, safety or welfare that required the use of emergency rulemaking in this instance. The Department advised that the rules involve many complex issues which can have a significant budgeting impact on the Department's budget. The Department explained that internal discussions did not resolve how the Department would handle these changes until recently, not in time to implement these changes by October 1, 1989, the date by which the federal law specified the changes had to be effective. As a result, the Department was compelled to utilize emergency rules to meet the federal compliance deadline.

Section 5.02 of the Illinois Administrative Procedure Act defines "emergency" as "the existence of any situation which an agency finds reasonably constitutes a threat to the public interest, safety or welfare." The Department's explanation does not seem to justify the use of emergency rulemaking in this instance.

Public Law 100-360 had a July 1, 1988 signing date. Section 303 of that federal enactment provides in Section 303(g) that the federal amendments become effective on or after September 30, 1989. The Department had well over a year to develop rules at the state level to implement these federal changes and have those changes adopted through the normal rulemaking procedures of Section 5.01 of the IAPA.

The Department notes that in developing State rules it was faced with a number of options as to the manner in which federal requirements were to be implemented. Such a situation makes it even more imperative that the normal rulemaking procedures of the IAPA be used. If the normal rulemaking procedures had been used there would have been the opportunity for comment as to the particular options chosen by the Department to implement the federal law. However, such opportunity for comment was precluded when the Department adopted an emergency rule which was not even published in the Illinois Register until after the date upon when compliance with federal law was required.

It seems clear that in this instance that despite the complexity of the federal law, the Department should have used the normal rulemaking process to implement these rules rather than proceeding by the use of emergency rulemaking.

Therefore, the Joint Committee objects to the emergency amendment of the Medical Assistance Programs rules of the Department of Public Aid (89 Ill. Adm. Code 120) because, contrary to the requirements of Section 5.02 of the Illinois Administrative Procedure Act, any emergency situation which may exist has been created by the failure of the Department to pursue normal rulemaking through the procedures of Section 5.01 of the IAPA in a timely manner.

STATEMENT OF OBJECTION TO EMERGENCY RULEMAKING

DEPARTMENT OF STATE POLICE MERIT BOARD

Heading of Part: Procedures of the Department of State Police Merit Board

Code Citation: 80 Ill. Adm. Code 150

Section Numbers: 150.430

Date Originally Published in Illinois Register: October 20, 1989  
13 Ill. Reg. 16607

At its meeting on December 14, 1989, the Joint Committee on Administrative Rules objected to the above emergency rulemaking. Failure of the agency to respond within 90 days of receipt of the Statement of Objection shall constitute a refusal to amend or repeal the rule.

The specific objection is as follows:

The Joint Committee objects to the Department of State Police Merit Board's emergency rule entitled "Procedures of the Department of State Police Merit Board" (80 Ill. Adm. Code 150) because, any emergency which may exist regarding the changing of ranks listed on the promotional certification lists, was created solely by failure of the Board to act in a timely fashion to adopt permanent rules pursuant to the provisions of Section 5.01 of the Illinois Administrative Procedure Act.

The State Police Merit Board, by statute, has jurisdiction over certification for appointment and promotion of Department of State Police officers as well as over the discipline, removal, demotion and suspension of Department of State Police officers. The Director of the Department of State Police then makes appointments from the certified lists provided by the Board. The Board has existing rules which set forth criteria for and the manner in which the Board makes its determination for combine promotional lists for the ranks of Lieutenant/Special Agent Lieutenant, Captain/Special Agent Captain and Major/Special Agent Major. This combined list for the ranks is to be used for the 1990 Promotional Process.

The Board stated that its promotional cycle must be completed every 18 months with a certification by the Board to the Director of the Department of State Police of candidates which are eligible for promotion. The Board stated that it was required by rule to provide the

JOINT COMMITTEE ON ADMINISTRATIVE RULES  
ILLINOIS GENERAL ASSEMBLY

STATEMENT OF OBJECTION TO EMERGENCY RULEMAKING

DEPARTMENT OF STATE POLICE MERIT BOARD  
(Continued Page 2)

certification every 18 months. The Board explained that it publishes a notice which informs all officers of when written testing will take place as well as including reading materials to be used in preparing for the written test. After the test is given, approximately 65 percent of the officers who take the test move to the next level of the promotional cycle. The next level in the cycle, the Board explained, is the Assessment Center. Which officers move on to the Assessment Center, is determined based on seniority, written test scores and performance evaluation. After the officers have been through the Assessment Center, the Board determines which officers will be included on the certification list.

Section 5.02 of the Illinois Administrative Procedure Act provides that "emergency" means the existence of any situation which an agency finds reasonably constitutes a threat to the public interest, safety or welfare. The Board was asked to explain why it was necessary to use the emergency rulemaking process to adopt these rules. The Board explained that a new promotional list is due to the Director on June 1, 1990. Therefore, the Board explained, the process for promotion needed to begin in order to ensure that a list could be presented to the Director by June 1, 1990. The Board is administering the written test on January 11, 12, 13 and had sent announcements to officers on October 2, 1989.

The Board further explained that it had begun in FY89 to consider a change in the promotional process. The Board began to consider the change in FY89 by commissioning a private firm to develop an occupational analysis. The occupational analysis was a comprehensive study of each rank within the Department to determine similarities as well as what knowledge, skills and duties are needed for the rank. The occupational analysis was presented to the Board at its September 12, 1989 meeting, within the time specified in the contract with the private firm and at that time the Board decided to develop joint testing for certain ranks. Because the Board had planned to begin its promotional cycle on October 2, 1989 by announcing the promotional test along with a list of the reading materials, the Board stated it had to use emergency rulemaking to allow for a single test to be given for two separate ranks.

In addition, the Board stated that in its FY 90 budget, the money for promotional testing had been spent to develop the joint testing. Therefore, the Board's only recourse is to use joint testing for the 1990 promotional process as there is no money to pay for the old testing. The Board also stated that if it does not undertake testing at this time a shortage of ranking officers could occur. The Board stated that

JOINT COMMITTEE ON ADMINISTRATIVE RULES  
ILLINOIS GENERAL ASSEMBLYSTATEMENT OF OBJECTION TO EMERGENCY RULEMAKINGDEPARTMENT OF STATE POLICE MERIT BOARD  
(Continued Page 3)

through retirement and resignation ranking officers leave the State Police force and without a certification list the Director will be unable to replace those officers. A shortage of ranking officers could present a danger to the public safety according to the Board.

Although the Board's reasoning for a change may be valid, any emergency which may exist has been created by the Board by not allowing itself time to proceed under the regular rulemaking process. The Board itself stated that the occupational analysis which resulted in the determination to use joint testing was completed within the specified contract time and had begun during FY89. The Board, by better planning could have built in time to use regular rulemaking to reflect any changes which were indicated by the occupational analysis.

The Board also indicated that its rule requires that it provide a certification list to the Director every 18 months. However, a perusal of the Board's rules indicated that its rules at 80 Ill. Adm. Code 150.410 require "[e]xaminations for promotion will be given at least every eighteen (18) months. . . ." The Board stated that it interprets Section 150.410 as requiring a promotional process to take place every 18 months. The Board stated that it last gave an examination in June of 1988. The Board commissioned the occupational analysis in FY89. These dates clearly show that the Board understood the time constraints it was under in beginning the next promotional process. The Board could have avoided an emergency situation by anticipating the need for rulemaking and allowing proper time for rulemaking under Section 5.01 of the Illinois Administrative Procedure Act.

Therefore, the Joint Committee objects to the Department of State Police Merit Board's emergency rule entitled "Procedures of the Department of State Police Merit Board" (80 Ill. Adm. Code 150) because, any emergency which may exist regarding the changing of ranks listed on the promotional certification lists, was created solely by failure of the Board to act in a timely fashion to adopt permanent rules pursuant to the provisions of Section 5.01 of the Illinois Administrative Procedure Act.

## A HOUSE DIVIDED: AMERICA IN THE AGE OF LINCOLN DAY

Whereas, on February 4, 1990, the Chicago Historical Society will open the landmark ten-year exhibition "A House Divided: America in the Age of Lincoln"; and

Whereas, the exhibition will showcase more than 600 artifacts including the "Railsplitter" painting of Abraham Lincoln, the Emancipation Proclamation table, the Appomattox table, Lincoln's death bed, and John Brown's Bible; and

Whereas, "A House Divided: America in the Age of Lincoln" draws upon the Society's renowned antebellum, Lincoln and Civil War holdings. The exhibition examines major political and social forces of mid-nineteenth century America, such as the institution of slavery, the history of abolitionism and emancipation, and the massive destruction and suffering caused by the Civil War; and

Whereas, the exhibition is expected to serve as a catalyst to bring black and white citizens together through a greater understanding and awareness of our collective heritage;

Therefore, I, James R. Thompson, Governor of the State of Illinois, proclaim February 4, 1990, as A HOUSE DIVIDED: AMERICA IN THE AGE OF LINCOLN DAY in Illinois, and urge all citizens to participate in the opening events of this significant exhibition. Issued by the Governor December 14, 1989.

Filed with the Secretary of State December 18, 1989.

## HUMAN RIGHTS DAY/HUMAN RIGHTS WEEK

Whereas, Amnesty International, founded in 1961, is an impartial, independent, worldwide movement with over 750,000 members and subscribers in nearly 160 countries; and

Whereas, Amnesty members work for the release of prisoners of conscience, fair and prompt trials for all political prisoners, and an end to torture and executions; and

Whereas, on December 10, 1948, the General Assembly of the United Nations approved the Universal Declaration of Human Rights, which was prompted by the human rights abuse governments inflicted on their own citizens during World War II; and

Whereas, the adoption of this document signaled a new era for human decency and the protection of individual liberties; and

Whereas, the nearly 25,000 Illinois members of Amnesty International and Amnesty members all over the world will participate in special activities to promote respect for fundamental human rights on December 4-10 of this year;

Therefore, I, James R. Thompson, Governor of the State of Illinois, proclaim December 10, 1989, as HUMAN RIGHTS DAY and December 4-10, 1989, as HUMAN RIGHTS WEEK in Illinois.

Issued by the Governor December 14, 1989.

Filed with the Secretary of State December 18, 1989.

The Sections Affected Index lists, by Title, each Section of a codified Part on which rulemaking activity has occurred in this volume of the Register and is divided into two parts: the first lists the Sections on which rulemaking activity occurred in the previous issues of this volume year; the second lists the Sections on which rulemaking activity occurred in this issue of the Register. (The headings at the top of each page indicate the two parts: the first part shows the previous issue numbers inclusively and the date of the last published issue; the second lists the current issue number and date.) The columns in both parts indicate the type of rulemaking activity and the action taken along with the page number on which the first page of the notice of rulemaking activity appeared. If a Section on which action is being taken in the current volume (calendar year) of the Register was proposed in a previous volume, the last two digits of the previous volume's year appear immediately after the page number separated by a slash, (e.g., 1 Ill. Adm. Code 100.280 was proposed last year and adopted this year. The action entry reads: (P-8577/86; A-724)). The codes for both columns are listed below. For a complete listing of the Titles of the *Illinois Administrative Code*, please refer to 1 Ill. Adm. Code 100.140 or contact the Administrative Code Division.
